About the demo

*The AI Agent demo uses a fictional brand, **GlowWell Beauty**, to demonstrate the powerful capabilities of AI in Gnatta. You may find that your chat triggers an 'escalation' - this can happen for a variety of reasons but is most often due to an incorrect order number, or because you've asked to speak to a human agent.*

Be sure to use natural language as you interact with the Agent - we welcome all feedback on functionality and experience!
